Hi Dan -

I would respond that you need additional time to respond due to the voluminous records that need to be searched. As for your other well founded concerns, we are meeting this afternoon and I will definitely use this request as an example.

On Wed, Oct 5, 2016 at 5:03 PM, Dan Halden <[daniel.halden@lacity.org](mailto:daniel.halden@lacity.org)> wrote:

Hi Kimberly,

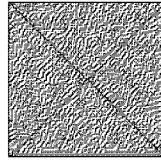

Please see below for one of the many pending CPRA requests from Mr. Riskin. In addition to the sheer volume in terms of number of requests, one of the things that is so incredibly difficult for us to manage is the fact that many of his requests come in the form below, asking for various things all under the guise of one request.

Also, please note the paragraph at the bottom where he alleges CD13 is out of compliance with state law with an earlier request, but "**rather than fussing over what was probably no more than an inadvertent error on CD13's part, I thought I would expand and resubmit the request.**"

The technical initial deadline to respond is today, October 5th. We'd definitely like some more time to either go through our own records and/or speak to your office in further detail on a proper response.

Can you please see below and advise on a proper response?

Thanks so much,

**Dan Halden**

Good evening, Dan.

I'd like to take a look at enough records to allow me to understand in detail how CD13 staff has been trained and/or instructed in the City's current process for breaking up homeless encampments. I would also like to see records pertaining to CD13's implementation of this policy.

This should include but not be limited to policy documents, email discussions or discussions in other mediums of the origin and implementation of the policy, forms or descriptions of procedures associated with the policy, and so on.

I am under the impression that CD13 arranges for LAPD presences at encampment cleanups. If this is accurate I'd like to see records relating to that aspect of the process. E.g. emails relating to scheduling, actual schedules, and so on.

I am also under the impression that CD13 staff attends some or all of these cleanups. I'd like to see records relating to that as well.

If CD13 produces any kind of audio or visual records with respect to homeless encampment cleanup, I would like to see those as well. E.g. perhaps you all take pictures or videos while you're out in the field investigating or cleaning homeless encampments. I would like to see all such records.

I would like to see such records produced since January 1, 2016.

Finally, note that this request overlaps to some extent with a request that I made on July 31 of this year to which your office has failed to respond as required by State law. Other than that one request, your office has an impeccable response record, so rather than fussing over what was probably no more than an inadvertent error on CD13's part, I thought I'd expand and resubmit the request. Consequently, I would like to withdraw that July 31 request. I'm cc-ing this to Marisol because you told me that she was handling that old request, even though she doesn't actually seem to be doing so.

Thanks,

Adrian
